West Coast District Health Board

Electing 7 Board Members

Jodie TREANOR

My principal place of residence is in the West Coast District Health Board area.

A 4th generation West coaster and mother of three great tamariki; one with cerebral palsy. My whanau experienced the worst the health system can provide which has made me a fierce advocate for our disabled community members.
To improve and retain health services on the West Coast, we need strong advocates to ensure our voices are heard and representatives that understand the government system and how to advocate strongly within it.
As West Coast health goes into a new hospital and new era of health services, with passion and a strong voice, I want to help improve outcomes and health statistics of West coasters, seek better outcomes for Mental Health, Māori, and the outreach health services to our community.
He aha te mea nui o te ao? He tangata! He tangata! He tangata!
What is the most important thing in the world? It's people! people! people!

Conflict of Interest Statement
To the best of my knowledge and belief, I have no conflicts of interest with the West Coast District Health Board (WCDHB) at the date of my notice of consent to being nominated as a candidate for membership of the board of the WCDHB, and I do not believe that any such conflicts of interest are likely to arise in future.
