BUILDING A BETTER FUTURE

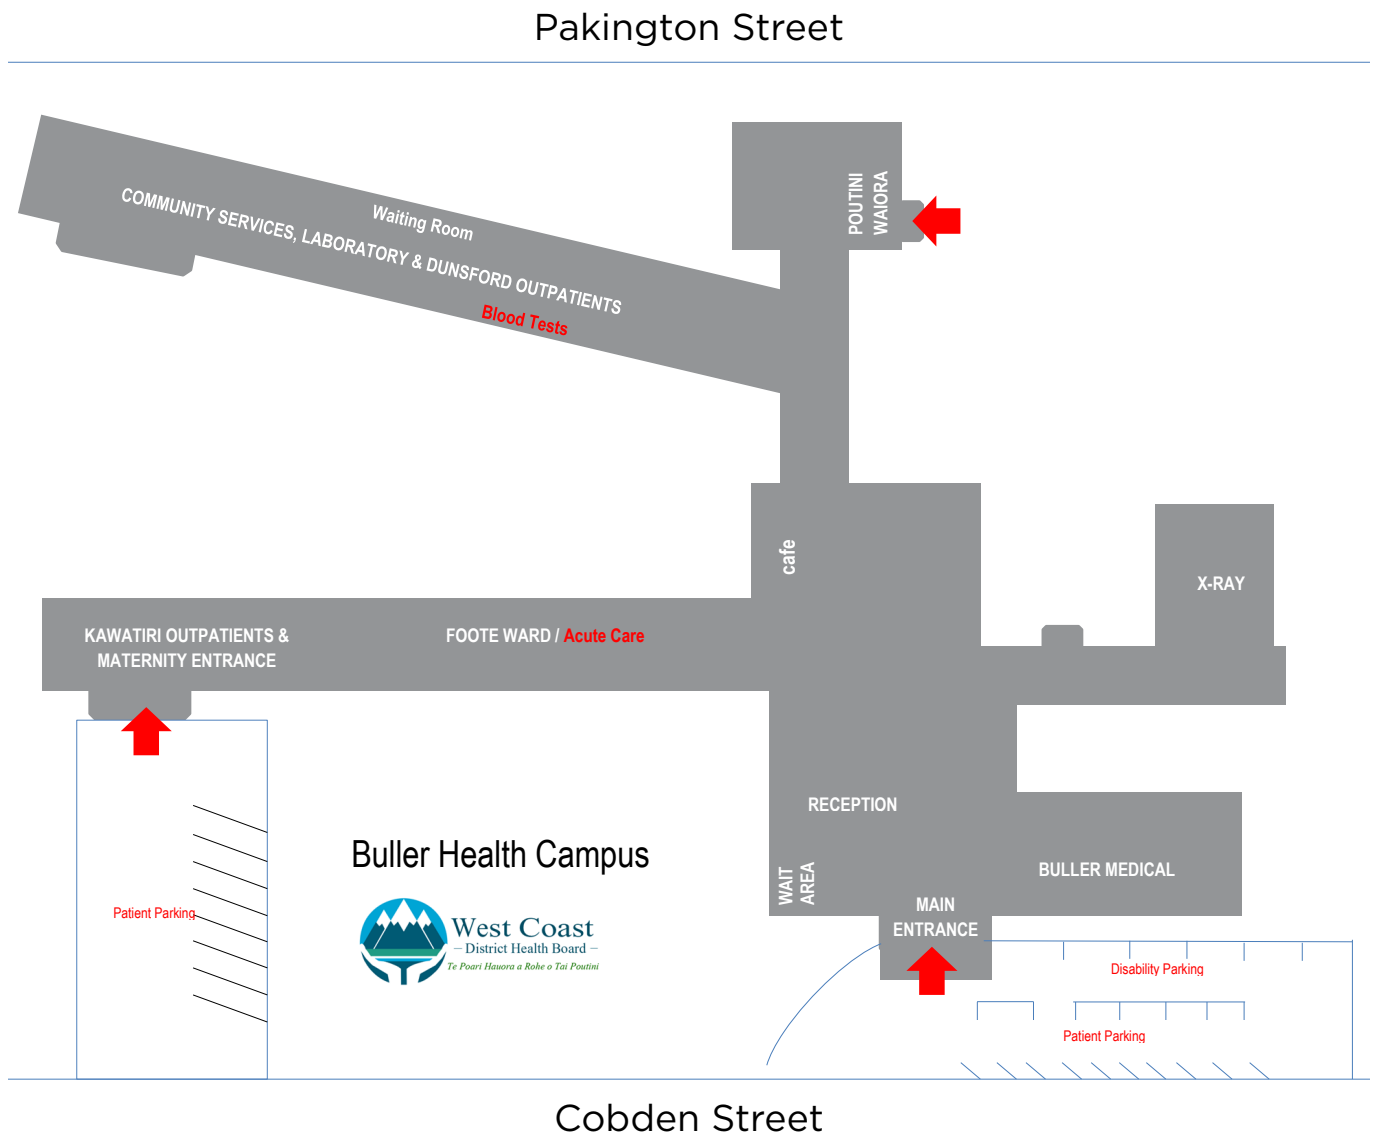

# Buller Health Services are on the move

## 22-25 November 2019

In preparation for the demolition needed to make way for construction of the new Buller Health facility, we are relocating a number of services to other areas of the facility over the weekend starting Friday 22 November 2019.

From Monday 25 November, our Cobden Street entrance will become the single point of entry for the majority of our services, including Buller Medical Centre.

### Please note the new entrances which will be in use from Monday 25 November

# Current floor plan of the new Buller Health facility
