Date of Next Meeting: 24 July 2014 Corporate Office, Board Room at Grey Base Hospital.

#### 12.15pm

11.10am

11.00am

**AGENDA** 

The functions of the Hospital Advisory Committee, in accordance with their Terms of Reference and the New Zealand Public Health and Disability Act 2000 are:

- to monitor the financial and operational performance of the hospital and specialist services of the West Coast DHB; and
- to assess strategic issues relating to the provision of hospital and specialist services by the West Coast DHB; and
- to give the Board advice and recommendations on that monitoring and that assessment.

The Hospital Advisory Committee's advice to the Board must be consistent with the priorities identified in the New Zealand Health Strategy and with the Strategic Plan of the West Coast DHB."

#### DRAFT MINUTES OF THE HOSPITAL ADVISORY COMMITTEE MEETING held in the Board Room, Grey Base Hospital, Corporate Office, on Thursday 1 May 2014, commencing at 11.00am

#### PRESENT

Sharon Pugh (Chair); Kevin Brown (Deputy Chair); Paula Cutbush; Gail Howard; Richard Wallace; Dr Paul McCormack (ex-officio); and Peter Ballantyne (ex-officio).

#### MANAGEMENT SUPPORT

Mark Newsome(General Manager, Grey/Westland); Gary Coghlan (General Manager, Maori Health); Ralph La Salle (Acting Operations Manager); Karyn Bousfield (Director of Nursing & Midwifery); Kathleen Gavigan (General Manager, Buller) (via video conference); Philip Wheble (Team Leader, Planning & Funding); Justine White (General Manager, Finance); and Kay Jenkins (Minutes).

#### WELCOME

The Chair asked Richard Wallace to open the meeting with a Karakia.

#### **APOLOGIES**

There were no apologies

#### 1. INTEREST REGISTER

Peter Neame to have "Board Member" added after his name on the Interest Register There were no declarations of interest for items on today's agenda.

#### 2. CONFIRMATION OF PREVIOUS MEETING MINUTES

#### Resolution (4/14)

(Moved: Peter Neame/Seconded: Paula Cutbush - carried)

That the minutes of the meeting of the Hospital Advisory Committee held on 20 March 2014 be confirmed as a true and correct record.

#### 3. CARRIED FORWARD/ACTION ITEMS

Patient Ambulance Transport - Management advised that discussions are continuing with South Island colleagues and progress is expected in the next couple of months. We are providing data around what our actual requirements are.

#### 4. HOSPITAL AND SPECIALIST SERVICE (H&SS) MANAGEMENT REPORT

Mark Newsome, General Manager, Grey/Westland spoke to the Management Report, which was taken as read.

He highlighted in particular the following points from the report:

- consistent performance continues in most health target areas;
- recruitment for an Associate Director of Allied Health is underway;
- there increased activity and focus in the quality and safety sphere; and
- there is an increase in numbers of patients through the system.

The Committee discussed the graphics summarising the Elective Patient Journey and also the Acute Patient Journey. These continue to be updated.

Discussion took place regarding Maternity Services and the Committee noted that the DHB has ensured that the people assisting with the implementation of the Maternity Review have the sufficient expertise required to address the recommendations.

In regard to recruitment the Committee noted that there is a particular focus on this.

Mr Newsome advised that a lot of work has taken place around Quality and Safety. There is coaching taking place around how we deal with complaints and communicate with the public. The Committee noted that it was pleasing to see that the DHB has also received compliments in recent weeks.

Discussion also took place regarding DNAs and the Committee noted that a number of things were taking place around trying to improve this.

The DHB still remains CLAB (Central Line Associated Bacterium) free. As at 14 April 2014 the DHB has been CLAB free for 629 days.

#### Resolution (5/14)

(Moved: Peter Ballantyne/Seconded Gail Howard – carried) That the Hospital Advisory Committee notes the Management Report.

#### 5. FINANCE REPORT

Justine White, General Manager, Finance, spoke to the Finance Report for the period ended 31 March 2014. The report was taken read.

Ms White advised that the consolidated West Coast DHB financial result for the month of March 2014 was a deficit of \$0.326m, which was \$0.010m favourable against the budgeted deficit of \$0.336m. The year to date position is now \$0.059m unfavourable against budget.

The Committee noted that we are still seeing the cost effects of SMO vacancies which it turn leads to the use of locums. Whilst progress is slower than they would like, management are working through how to stabilise this.

It was also noted that some of the specifics of particular line items in the report will offset each other and whilst the overall result is currently unfavourable we expect to be back on track by the end of the financial year.

Discussion took place regarding personnel costs and management acknowledged that it has been a slow process but a lot of work has taken place around this complex process with the makeup of our workforce starting to change.

The Committee noted that management and administration FTE still remains below the admin cap.

Discussion took place regarding Primary Care and the work being undertaken in this area. The Committee noted that the last 12 months have seen a marked increase in personnel in this area to reduce waiting times but there is now a more planned direction here. A report on the progress by Better Health Limited will be presented to a meeting later in the year.

#### Resolution (6/14)

(Moved: Gail Howard/Seconded: Peter Ballantyne – carried) That the Committee notes the financial report for the period ending 31 March 2014.

#### 6. CLINICAL LEADERS REPORT

Karyn Bousfield, Director of Nursing & Midwifery, presented this report which was provided to the Board at their last meeting.

She commented that some significant pieces of work are taking place around workforce issues with a lot of research being undertaken nationally.

The Committee noted the introduction of the Dedicated Education Unit (DEU) which is a way of supporting students in their clinical placements. It was also noted that there is a real focus on Quality with nurse managers undertaking audits.

The update was noted.

#### 7. GENERAL BUSINESS

Discussion took place regarding the performance of services during the recent storms and the Committee noted that the hospital ran on generator for 16 hours without interruption.

Feedback had been received by Committee members of the outstanding performance by management and staff during this time and the Committee asked that this feedback be reported to the Board.

Management advised that there will be a formal debrief in the next few weeks around this.

There being no further business the meeting closed at 12.20pm

Confirmed as a true and correct record.

Sharon Pugh, Chair

#### **MANAGEMENT REPORT**

#### TO: Chair and Members Hospital Advisory Committee

#### SOURCE: General Manager Grey Westland | General Manager Buller

DATE: 12 June 2014

Report Status – For:	Decision		Noting 🖌	Information
----------------------	----------	--	----------	-------------

#### 1. ORIGIN OF THE REPORT

This is a standing report to the West Coast District Health Board Hospital Advisory Committee. It outlines progress in relation to service delivery across the District Health Board's Provider Arm.

#### 2. <u>RECOMMENDATION</u>

That the Hospital Advisory Committee:

i. Notes the Management Report.

#### 3. <u>SUMMARY</u>

The development of this report continues and is intended to:

- provide greater insights into the nature and flow of activity in, and through, the secondary care component of the West Coast health system;
- reflect a patient-centric view of services, being the 'patient journey' through the system; and
- provide greater clarity of, and focus on, key metrics.

The report is broken into eight sections: 4.1 - Activity, 4.2 - Workforce Updates, 4.3 - Patient, 4.4 - Health Targets, 4.5 - Quality, 4.6 - Specific Requests [when applicable]. Further changes to graphics and content will occur as well, including the graphic representation of primary care in the acute patient's journey.

This new format will continue to evolve, and comments and suggestions are welcome. At this meeting, we continue to present the Acute and Elective Patient Journeys. The Allied Health Patient Journey and Diagnostic Testing Patient Journey continue to be developed and will be presented when we can accurately and easily present the data.

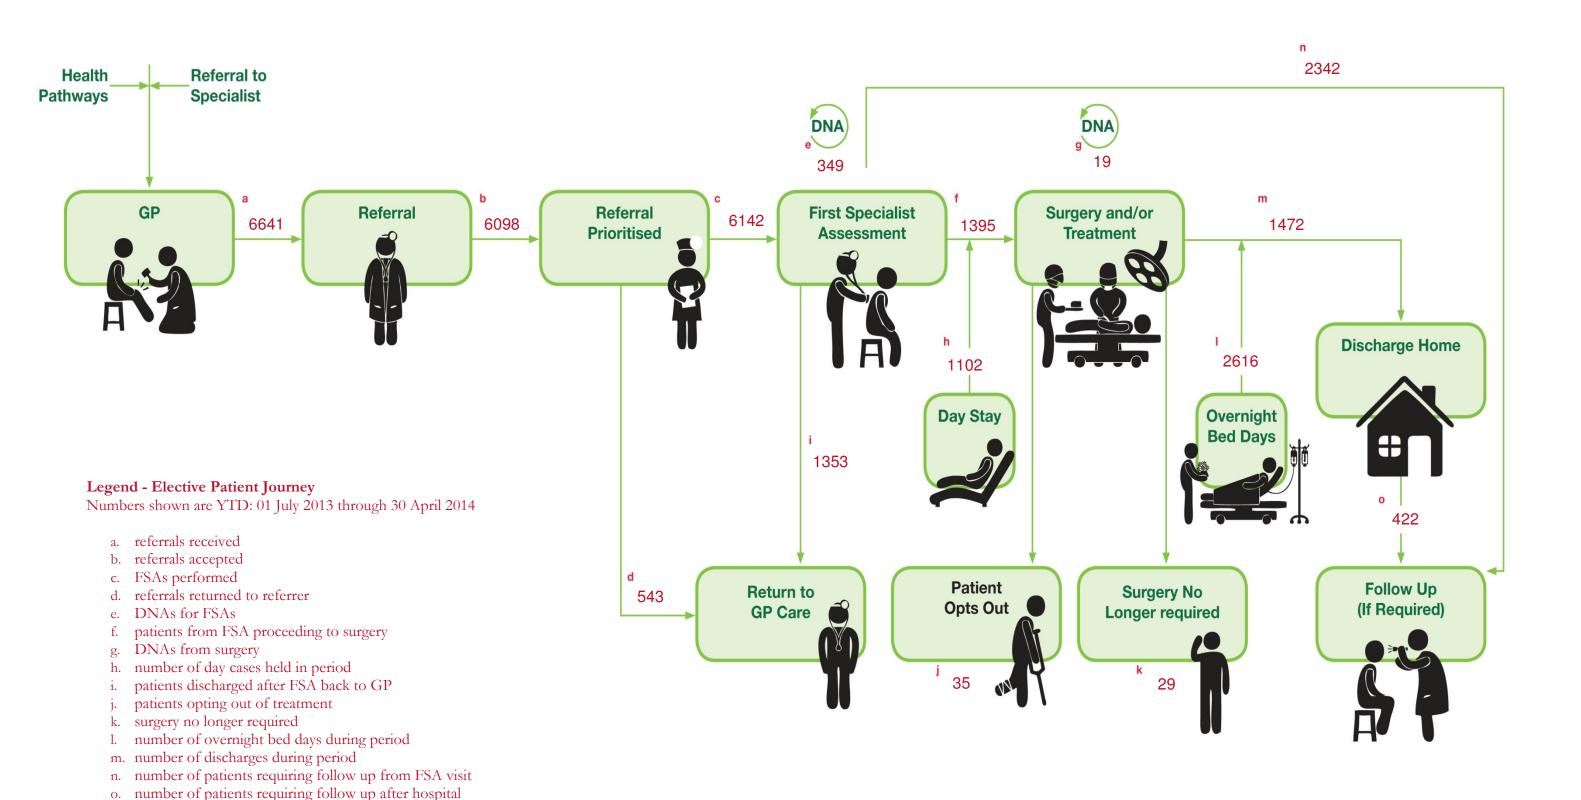

The following are the most notable features of the report:

- Consistent performance continues in most health target areas;
- Success of nursing recruitment strategy;
- Progress of maternity review recommendation implementation.

#### 4. DISCUSSION

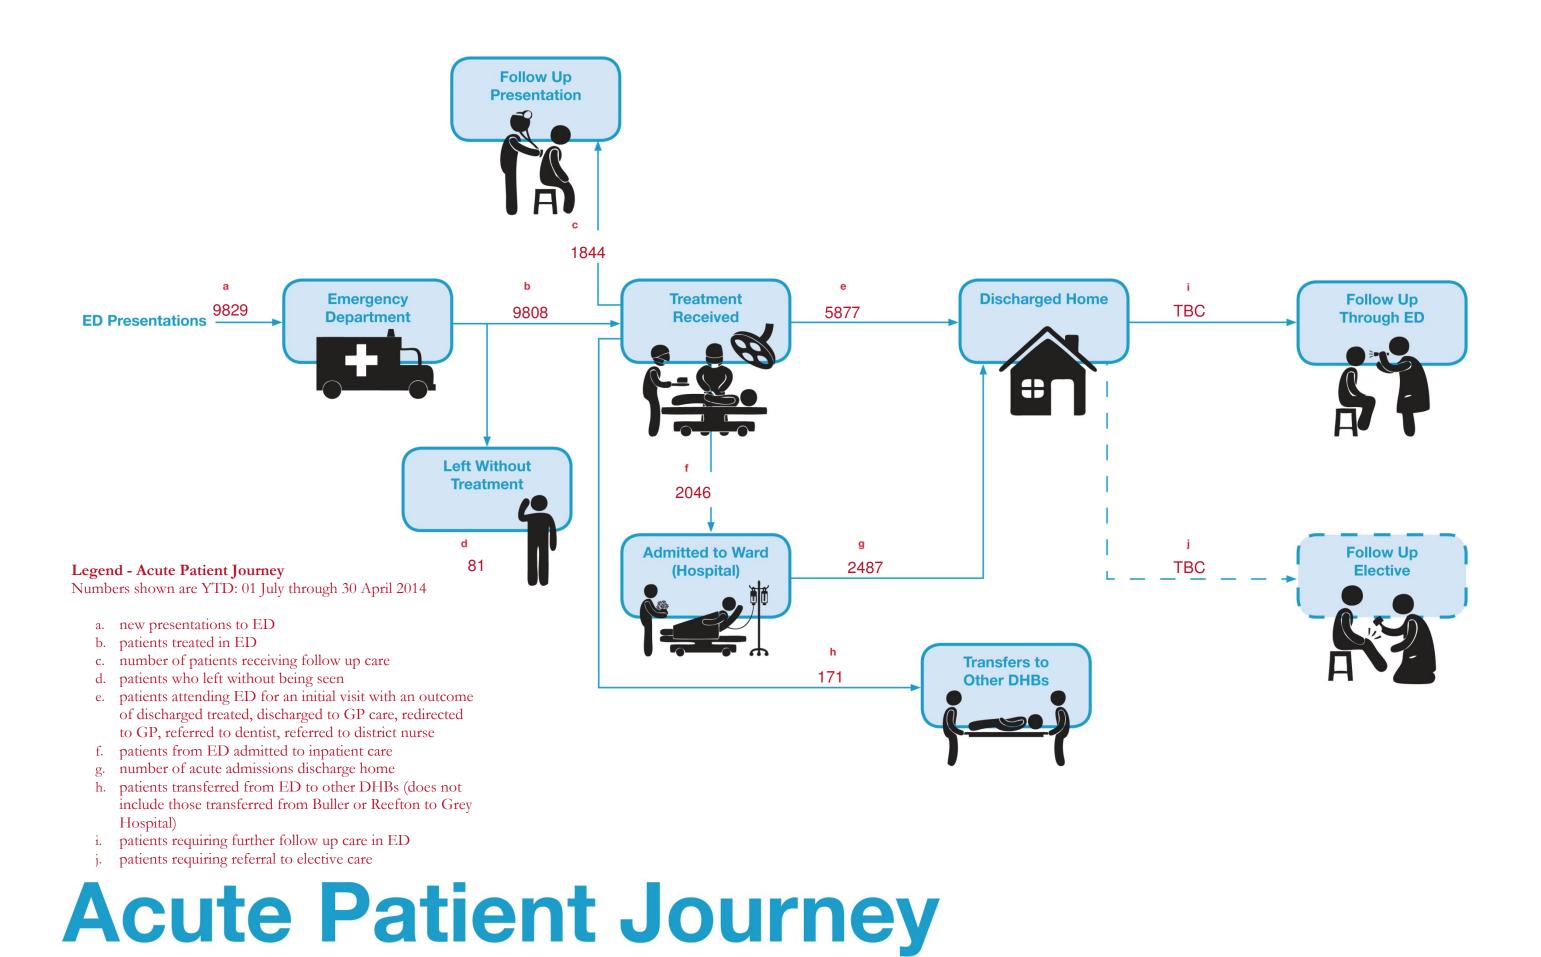

#### 4.1 Activity

The following pages contain graphics summarising patient journeys.

# **Elective Patient Journey**

stay

#### Volumes

This Provider Arm Report includes base service level agreement additional electives initiative volumes. This report is on a straight yearly volume divided over 12 months basis.

#### Inpatient Volumes

As at 30 April 2014, overall case-weighted [CWD] inpatient delivery was 12.95% beneath contracted volume for surgical specialty services and 6.98% over for medical specialty services.

The split between acute and electives were as follows:

CASE WEIGHTS [CWD]	CONTRACTED YTD	ACTUAL YTD	VARIANCE	% VARIATION
Surgical				
Acute	934.24	705.98	-228.26	-24.43%
Elective	1027.29	1001.53	-25.76	-2.51%
Sub-Total Surgical:	1961.53	1707.51	-254.02	-12.95%
Medical				
Acute	1160.09	1240.75	80.66	6.95%
Elective	0	0.37	0.37	100%
Sub-Total Medical:	1160.09	1241.12	81.03	6.98%
	·     • • •		· · · · · · · · · · · · · · · · · · ·	
TOTALS:	3121.62	2948.63	-172.99	-5.54%

#### Outpatient Volumes

As at 31 March 2014, outpatient delivery was just 0.34% over contracted volume for surgical specialty services and 11.69% over contracted volume for medical specialty services.

The split between 1st visit and Subsequent visit were as follows:

ATTENDANCES	CONTRACTED	VARIANCE	% VARIATION	
Surgical				
1 <sup>st</sup> Visit	2813	2854	41	1.48%
Sub. Visit	4517	4500	-17	0.37%
Sub-Total Surgical:	7329	7354	25	0.34%
			• •	
Medical				
1 <sup>st</sup> Visit	1318	1321	3	0.2%
Sub. Visit	3088	3601	513	16.6%
Sub-Total Medical:	4406	4922	516	11.69%
TOTALS:	11735	12276	541	4.61%

#### **Outpatient Clinics**

Month	Total number of patients booked	Number of patients attended clinics	Number of patients did not attend [DNA]	Percentage of patients did not attend [DNA]				
April 2013	1670	1532	138	8.26%				
May 2013	1953	1788	165	8.45%				
June 2013	1386	1273	113	8.15%				
July 2013	1990	1822	168	8.44%				
August 2013	1858	1699	159	8.56%				
September 2013	2095	1940	155	7.40 %				
October 2013	1818	1649	169	9.30%				
November 2013	1974	1823	151	7.65%				
December 2013	1574	1435	139	8.83%				
January 2014	1978	1804	174	8.80%				
February 2014	1773	1628	145	8.18%				
March 2014	1941	1763	178	9.17%				
April 2014	1841	1658	183	9.94%				
13 month rolling totals	23851	21814	2037	8.54% Average				

#### 4.2 Workforce Update

#### Nursing

- Successful recruitment of quality registered nursing staff continues. The standard of applicants for roles has been notably high, which reflects the success of the recruitment campaign and the work that has been undertaken there.
- Roles that have been filled for past month include:
  - Critical care and Hannan Ward, 2.0 FTE.
  - The Acting CNM position in Morice Ward has been extended to allow time for a nursing structure to be arrived at and finalised.
- Vacancies include:
  - 1.0 FTE Nurse Educator
  - 1.0 FTE RN for Paediatrics.

#### **Maternity Services**

- Work continues between accountable managers and clinical leaders across the Canterbury and West Coast health system to implement the outcomes of the West Coast Maternity Review. Good progress is being made against the priority action points, including in relation to stepping through options for a service design in Buller.
- Recruitment continues for two senior experienced midwives to join the team.
- The recommendations have been grouped and prioritised into four key areas; Buller model of care; Transalpine approach and SMO recruitment; Midwifery workforce; Quality, Safety & Education.

#### Allied Health

- An offer of employment has been made to an experienced dietician.
- The Buller physiotherapy service continues to be supported from Grey, while recruitment for a physiotherapist continues. Physiotherapy cover for Buller may be a constraint in July as the Buller based physiotherapist is on leave. Solutions to provide cover for this continue to be explored.
- Physiotherapy in Greymouth has also experienced staffing constraints in the past month with 2.0 FTE on sick leave and ACC. A meeting of all relevant parties from both the West Coast and Canterbury will be convened in the next month to explore both short to medium and long term strategies and solutions to the ongoing physiotherapy staffing issues.
- ERAS (Enhanced Recovery after Surgery) for orthopaedic patients a questionnaire gathering consumer's viewpoints on current practice and increased interdisciplinary education prior to surgery has commenced.
- An abstract for the SARRAH (Services for Australian Rural and Remote Allied Health) conference has been accepted. The presentation will be on Allied Health's leadership framework, innovations and contributions towards delivering the vision of an integrated West Coast Health System.

#### **Industrial Relations**

- Bargaining continues with the RDA representing Resident Doctors.
- Bargaining for the PSA Mental Health and Community Nurses continues.
- Bargaining continues with the PSA representing Allied Health professionals.
- Dates to begin bargaining with the PSA representing Home Based Support Workers are being discussed
- Industrial action at CDHB which is being undertaken by EPMU staff (stores and trades), has not unduly affected WCDHB staff or operations.

New Vacancies	10
Total Open Vacancies	29
Total FTE Recruiting	38
Appointed Vacancies	9
Total FTE Appointed	8.51

#### Recruitment Vacancies - Monthly Summary - April 2014

Current active vacancies are down to 29 (Allied Health 8, Nursing 9, Corporate and Support Services 5, Senior Medical Officers 6, Resident Medical Officers 2) with activity decreasing across all professional groups and a number of successful appointments. Nursing vacancies have decreased (down to 9 from 12 in the last reporting period). A campaign approach to the sourcing of nurses has commenced with only one generic advertisement running instead of multiple advertisements and interviews. Campaign marketing activity is underway that directs interested nurses to the careers website. Sourcing of applications for Medical roles is slow due to the nature of the positions but we continue to see positive interest in current vacancies, and have had job offers accepted by an Anaesthetist and General Surgeon; and a face to face visit is scheduled in June with an O&G Specialist who has been interviewed and deemed suitable.

#### 4.3 Patient

#### **Patient Transfers**

- The number of patients transferred to tertiary centres was 38 for April 2014 (the same number of transfers as for March 2014). The majority of the April transfers were for Orthopaedic and Coronary Care patients.
- There were 15 transfers made from Buller to Grey Base Hospital in April 2014, a drop from 22 transfers in March 2014.
- Three transfers were made from Reefton to Grey Base for April 2014 (four in March 2014).

These totals include private motor vehicle transfers and hospital board car transfers also.

#### 4.4 Health Targets

TARGET	Q3 RESULT	TARGET	STATUS	PROGRESS
Shorter stays in transferred from an ED wi hours <sup>1</sup>		95%	~	The West Coast DHB continues to achieve impressive results against the <b>Shorter Stays in ED</b> <b>Health Target</b> , with <b>99.6%</b> of patients admitted, discharged or transferred from ED within six hours during Quarter 3. Data for the 11 month period to 31 <sup>st</sup> of May 2014 shows a result of 99.7% within 6 hours, and 96.6% within just four hours.
Improved Access to Elective Surgery West Coast's volume of el surgery	ective 1,182 YTD	1,176 YTD	✓	After being just four cases short of the <b>Improved</b> <b>Access to Elective Surgery Health Target</b> last quarter, the West Coast DHB is pleased to have made up this difference as expected. We look set to meet our cumulative end of year target and had <b>1,182</b> <b>discharges</b> in the nine months to 31 <sup>st</sup> March 2014 against the 1,176 year-to-date target.
Shorter Waits for Can Treatment People needing cancer rad therapy or chemotherapy h it within four weeks	iation 100%	100%	~	West Coast continues to achieve the <b>Shorter Waits</b> <b>for Cancer Treatment Health Target</b> , with <b>100%</b> of people ready for radiotherapy or chemotherapy beginning treatment within four weeks.
Better Help for Smoke Quit Hospitalised smokers rece help and advice to quit		95%	×	During Quarter 3, West Coast DHB staff provided 92.5% of hospitalised smokers with smoking cessation advice and support –just missing the targeted 95% for the Secondary Care Better Help for Smokers to Quit Health Target by 19 patients. Although we did not meet the target this quarter, this is a positive 6.3% increase on last quarter's result. April's current monthly result is sitting at 93%. Systems and processes to reach the target are all in place, but challenges to exist including small numbers—with a single patient contributing to more than 1% of the target.

#### Elective Services Patient Indicators [ESPI Compliance]

No patients exceeded the maximum 150 days' target wait time for First Specialist Appointment (ESPI 2) as at the end of March 2014; with one orthopaedic patient also over the maximum 5-month waiting time target for treatment (ESPI 5). This patient (which proved to be an ACC case, rather than a DHB-funded case) has subsequently been attended, and the ESPI targets are being met. All DHBs are expected to maintain waiting times for both ESPI 2 and ESPI 5 to a maximum of 5 months (150 days) throughout the 2013/14 year. We expect to meet this target overall.

Data Warehouse Refresh Date: 30/May/2014

Report Run Date:

02/Jun/2014

Notes: Before July 2013 the required timeframe for an F8A for E8PI 2 is 6 months, after July 2013 the required timeframe for E8PI 2 is 5 months.
 Before July 2013 the required timeframe for treatment for E8PI 5 is 6 months, after July 2013 the required timeframe for E8PI 5 is 5 months.

ESPIs that apply from 1 July 2012.
 ESPI results do not include non-elective patients, or elective patients awaiting planned, staged or surveillance procedures.

ESPI 3 and 8 assess surgical specialities where patients, or elective patients awaiting planned, staget or surveinance process.
 ESPI 3 and 8 assess surgical specialities where patients are prioritised using nationally recognised tools.
 Medical specialities are currently included in ESPI 1, 2 and 5 results but excluded from other ESPI results.
 ESPI 1 and 8 will be Green if 100%, Vellow if breakers 00% and 95.9%, and Red if 90% or less.
 ESPI 2 will be Green if 10 patients, Yellow if greater than 0 patients and less than 0.39%, and Red if 0.4% or higher.

ESPI 3 will be Green if 0 patients, Yellow if greater than 0 patients and less than 4.99%, and Red if 5% or higher.
 ESPI 5 will be Green if 0 patients, Yellow if greater than 0 patients and less than 0.99%, and Red if 1% or higher.

11. ESPI 6 will be Green if 0 patients, Yellow if greater than 0 patients and less than 14.99%, and Red if 15% or higher. Please contact the Ministry of Health's Electives team if you have any queries about ESPIs (elective services@imoh.govt.nz).

#### 4.5 Quality

#### Malnutrition Screening Tool

The Malnutrition Screening Tool has been rolled out in the wards and is now part of the clinical documentation process. Education plans have been developed by the Clinical Nurse Managers of each ward/unit and are visible to the teams. An audit tool for the Early Warning Score has been sourced from CDHB and the Nurse Managers are working on refining it before putting into use.

#### **Documentation Audits of Clinical Notes**

Random chart audits have been carried out using the WCDHB Documentation Record Keeping Audit. Five patient records are randomly selected from each area and checked for various criteria such as: legibility of information; alterations signed and dated; only accepted abbreviations are used; confidentiality. In the last quarter 82% of audited patients received a falls risk assessment that was then translated into a care plan to manage that risk. In this quarter, 93% of patients received the same. Feedback has been provided to staff and education will be tailored to address the areas where more work is required.

As per the table, the themes emerging from the past month have been related to clinical processes, patient falls and property issues.

Complaints

For the month of May ten new complaints were received. The majority of these (six) were related to treatment. In each of these instances, the clinician / staff involved is made aware of the complaint and provided with an opportunity to respond to the complaint.

Compliments

Two compliments were received during this period; one regarding the maternity service at Grey Base Hospital, the other a general compliment around the way the DHB is responding to patients.

#### CLAB (Central line associated bacterium)

As of 14 April 2014 the West Coast DHB has been **679** days CLAB free!! Work continues on compliance with the maintenance bundle as the documentation is where we are let down.

#### Development of WCDHB-wide 3 Year Audit Schedule

The Quality Team is meeting with key staff in June to map out the audit schedule for the next three year period. Information on audits undertaken throughout the DHB will inform this process and includes maternity audits arising out of the maternity services review and auditing of the Maternity Early Warning Score [MEWS] tool.

#### Maternity

Work continues on development of the West Coast DHB maternity website. A communication strategy for the launch of the website is almost completed, with a go live date for the website of Monday 30 June. The team is on track to meet this deadline.

The website aims to provide education and support for pregnant women and mothers based on the West Coast and inform them of the services available here, with links to information resources. The other key aim is to educate women to register with their LMC Midwife early in the pregnancy; within the first 11 weeks.

The development of a feedback survey for maternity patients, collaboration between WCDHB and CDHB, allows this to be included on the Website for online feedback.

"We Care About Your Care", the maternity services feedback form (collaboration between WCDHB and CDHB) went live on 3 June 2014 and already completed feedback forms are coming in. The results of this feedback are being entered into a spreadsheet for further data analysis.

#### Primary Secondary Electronic Interface Group

- The Primary Secondary Electronic Interface Group now has representation from a member of the Planning and Funding team who support this group, stating that it falls within a primary/secondary workstream.
- Incident forms for primary practice are starting to come into the Quality Co-ordinator for entering into the database and a method of incident review is being established.

FINANCE REPORT FOR THE PERIOD ENDED 30 APRIL 2014

TO:	Chair and Members
	Hospital Advisory Committee

SOURCE: Finance

DATE: 12 June 2014

Report Status – For: Decision		Noting 🗹	Information	
-------------------------------	--	----------	-------------	--

#### 1. ORIGIN OF THE REPORT

The purpose of this paper is to provide a regular monthly report of the financial results of the West Coast District Health Board and other financial related matters.

#### 2. RECOMMENDATION

That the Committee:

i. notes the financial result and related matters for the period ended 30 April 2014.

#### 3. FINANCIAL RESULT

#### **Summary DHB Group Financial Result**

The consolidated West Coast District Health Board financial result for the month of April 2014 was a deficit of \$0.075m, which was \$0.003m favourable against the budgeted deficit of \$0.072m. The year to date position is now \$0.057m unfavourable.

The table below provides the breakdown of April's result.

	M	lonthly Re	porting			Year to l	Date	
	Actual	Budget	Varian	се	Actual	Budget	Variand	e

Appendix 2	Statement of Financial Performance
Appendix 3	Statement of Financial Position
Appendix 4	Statement of Cashflow

Report prepared by: Report approved for release by: Justine White, General Manager Finance David Meates, Chief Executive

#### APPENDIX 1: FINANCIAL RESULT

#### FINANCIAL PERFORMANCE OVERVIEW – APRIL 2014

	Month	Month								
	Actual	Budget	Month	Varianc	e	YTD Actual	YTD Budget	YTD V	ariance	:
	\$'000	\$.000	\$	000		\$'000	\$'000	<b>*</b> .	000	
Surplus/(Deficit)	75	72	3	3%	<ul> <li>Image: A second s</li></ul>	(1,060)	(1,003)	(57)	6%	X

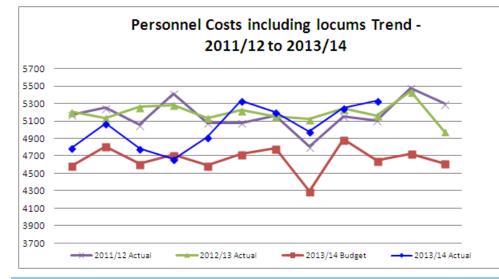

We have submitted an Annual Plan with a net deficit of \$1.1m, which is entirely consistent with the previously outlined reduced deficit track and is also consistent with the Detailed Business Case as compiled for the draft Facilities Development Plan.

#### **KEY RISKS AND ISSUES**

Although currently tracking on target, the achievement of the annual plan will continue to require a significant level of oversight and management in order to be achieved, we are confident that the forecast year end result will be in line with our annual plan.

#### PERSONNEL COSTS (including locum costs)

	Month Actual	Month Budget		Variance	2	YTD Actual	YTD Budget		ariance	1
	\$.000	\$.000	\$	000		\$.000	\$.000	\$	000	
Medical	1,370	1,244	(126)	-10%	X	13,941	12,853	(1,088)	-8%	×
Nursing	2,358	2,037	(321)	-16%	X	21,401	20,024	(1,377)	-7%	×
Allied Health	831	690	(141)	-20%	х	7,399	6,983	(416)	-6%	X
Support	115	121	6	5%	~	1,160	1,204	44	4%	~
Management & Admin	663	555	(108)	-19%	Х	6,422	5,588	(834)	-15%	Х
Total	5,337	4,647	(690)			50,323	46,652	(3,671)		

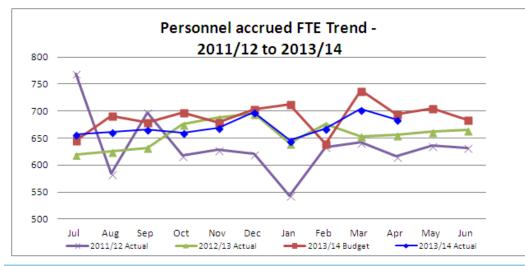

Personnel costs are unfavourable for the month, although these are influenced by activity. We are continuing to actively manage costs however these are still being impacted by significant levels of Locums who are required to maintain service through periods of leave and turnover.

#### **KEY RISKS AND ISSUES**

Although better use of stabilised rosters and leave planning is in the process of being embedded within the business, the results are slower to transpire than originally anticipated. This is further exacerbated by some recent turnover which has required more reliance on short term placements, which are more expensive than permanent staff. The results are that the costs are tracking ahead of budget from a YTD perspective.

#### **PERSONNEL ACCRUED FTE**

	Month	Month				YTD Average	YTD Average			
	Actual	Budget	Month	Variance	e	FTE Actual	FTE Budget	YTD V	ariance	1
Medical	38	53	15	28%	•	41	51	10	20%	~
Nursing	335	332	(3)	-1%	X	327	326	(0)	0%	×
Allied Health	161	154	(7)	-4%	×	151	156	6	4%	~
Support	24	28	4	14%	~	27	28	1	5%	~
Management & Admin	127	126	(1)	-1%	X	128	127	(1)	-1%	×
Total	685	694	9			672	688	16		

Accrued FTE is influenced by leave taken throughout the period, current YTD reflects higher use of Locums.

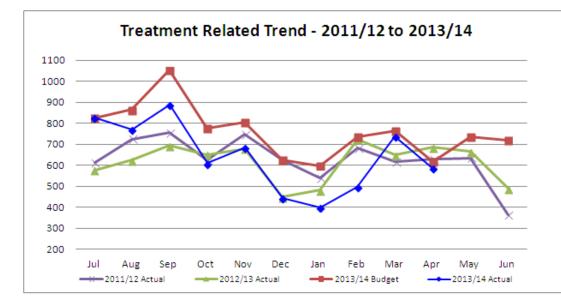

NB: The methodology to calculate accrued FTE causes fluctuations on a month to month basis dependant on a number of factors such as working days, the accrual proportions, etc.

#### **KEY RISKS AND ISSUES**

The Ministry of Health has a keen focus on ensuring DHBs do not exceed their management and administration staff FTE numbers. There are many ways FTE can be calculated, depending on the purpose. Using Ministry of Health calculations we are 3 FTE under our overall management and administration staff cap for April. Expectations from the Ministry of Health are that we should be reducing management and administration FTE each year. This is an area we are monitoring intensively to ensure that we remain under the cap, especially with the anticipated facilities development programme.

#### TREATMENT RELATED COSTS

	Month	Month							_	
	Actual	Budget	Month	Varianc	e	YTD Actual	YTD Budget	YTD V	ariance	
	\$'000	\$.000	*	.000		\$'000	\$.000	*	000	
Treatment related costs	587	616	29	5%	~	6,439	7,661	1,222	16%	~

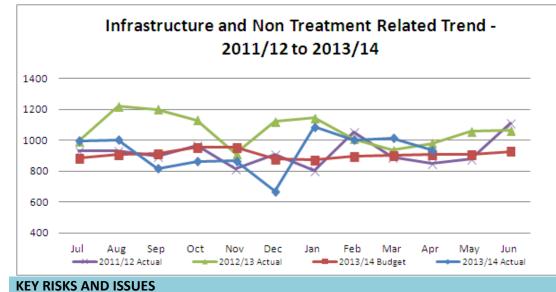

Treatment related costs are significantly underspent year to date, this is due to a number of factors including more robust contract management. We are forecasting that this trend will continue and that the full years costs will be lower than budget.

#### **KEY RISKS AND ISSUES**

Treatment related costs tend to be managed within predicted levels, we are continuing to refine contract management practices to generate savings in these areas.

#### INFRASTRUCTURE AND NON TREATMENT RELATED COSTS

	Month Actual \$'000	Month Budget \$'000		Varianco '000	e	YTD Actual \$'000	YTD Budget \$'000		ariance 000	
Non Treatment related costs	936	909	(27)	-3%	×	9,257	9,078	(179)	-2%	×

Facilities, IT and Telecommunications costs make up the bulk of this category. Timing factors have reversed the favourable trend from prior months. Forecast is for this category to remain largely on budget.

#### Timing influences this category significantly, however overall we are continuing to monitor to ensure overall spend is within expected parameters.

#### **OTHER REVENUE & OTHER COSTS**

	Month	Month								
	Actual	Budget	Month	Variance	2	YTD Actual	YTD Budget		ariance	ľ
	\$.000	\$.000	\$	.000		\$.000	\$.000	\$	000	
Interest Received	45	20	25	125%	~	496	200	296	148%	~
Donations	-	4	(4)	-100%	X	-	40	(40)	-100%	×
Rental	17	19	(2)	-11%	X	144	190	(46)	-24%	×
Other	6	20	(14)	100%	X	334	200	134	100%	×
Total Other Revenue	68	63	5	8%		974	630	344	55%	
Interest Expenses	62	54	(8)	-15%	X	586	540	(46)	-9%	×
Depreciation	389	424	35	8%	~	3,381	4,240	859	20%	×
Capital Charge Expenses	68	68	-	0%		671	680	9	1%	
Total Other Costs	519	546	27	5%	-	4,638	5,460	822	15%	

#### **KEY RISKS AND ISSUES**

Other revenue for the month is above budget, we fully expect the positive variance to budget ytd to continue for the rest of the year.

#### **FINANCIAL POSITION**

	Month Actual \$'000	Month Budget \$'000		Month Variance <b>\$`000</b> (2.033) -18% ×		Annual Budget \$'000
Equity	9,092	11,125	(2,033)	-18%	×	12,060
Cash	9,450	6,578	2,872	44%	~	7,809

#### **KEY RISKS AND ISSUES**

The cash on hand position reflects that the funding to rectify the seismic strengthening has now been received.

Item 5 – HAC 12 June 2014 – Finance Report

#### **CLINICAL LEADERS UPDATE**

#### TO: Chair and Members Hospital Advisory Committee

SOURCE: Clinical Leaders

#### DATE: 12 June 2014

Report Status – For: Decision 🗖 Noting 🗹 Information 🗖

#### 1. ORIGIN OF THE REPORT

This report is provided to the Hospital Advisory Committee as a regular update.

#### 2. <u>RECOMMENDATION</u>

That the Committee:

i. notes the Clinical Leaders Update

#### 3. DISCUSSION

#### Workforce

The Nursing Workforce Stream of the South Island Alliance and Regional Training Hub continues to progress work around a sustainable nursing workforce. A project is underway to develop a pathway within the South Island Services to increase the number of nurse practitioner roles to better meet the health needs of the South Island community. This work will include identifying service need, creating roles, developing intern positions and an agreed pathway to grow capacity and an overarching implementation strategy for roll out of the agreed programme. The DONM is a member of this workgroup.

Work continues on the implementation of the Dedicated Education Unit (DEU) framework for supporting nursing students while on clinical placement. The DEU, introduced by CPIT, optimises clinical learning for students in a supportive environment and broadens each student learning experience. Further work underway is close liaison and partnership with NMIT to enable Nelson nursing students to be supported within the same framework while on the West Coast. This will mean both Christchurch and Nelson students will be on clinical placements together, with peer teaching from transition students through to year two students. NMIT is now delivering the CPIT curriculum, which better enables this partnership.

#### Quality and Safety

The focus on nurse education continues with a significant number of nurses completing relevant courses for clinical practice. All nurses working in the Post Anaesthetic Care Unit (PACU) have completed the specialist PACU course run out of Wellington. A study day was recently held for nurses who provide care to the ventilated patient, this was also well attended by a wide variety of nurses including CNSs and staff from other clinical areas. This is a planned approach to support the integrated nursing team and best utilisation of expertise across the system, and part of the development of the mobile nursing workforce. Teaching was provided by the Resuscitation Service Leader and medical colleagues from CDHB who taught via VC. There will be a further four sessions this year, with the aim of increasing the number of ventilator trained nurses, and will be an annual event to maintain currency

and competency. We also have full utilisation of HWNZ funding for postgraduate training, with 28 nurses enrolled.

#### 4. CONCLUSION

The Clinical Leaders will continue to work across a range of activities to promote a sustainable West Coast health care service.

Report prepared by:

Karyn Bousfield, Director of Nursing & Midwifery

#### HOSPITAL ADVISORY COMMITTEE MEETING UPDATE 1 MAY 2014

TO:	Chair and Members
	West Coast District Health Board

SOURCE: Chair, Hospital Advisory Committee

#### DATE: 9 May 2014

Report Status – For:	Decision		Noting	$\checkmark$	Information		
----------------------	----------	--	--------	--------------	-------------	--	--

#### 1. ORIGIN OF THE REPORT

This report is provided to the West Coast DHB Board as an interim update on the Hospital Advisory Committee (HAC) meeting of 20 March 2014.

For the Board's information the functions of HAC, in accordance with their Terms of Reference and the New Zealand Public Health and Disability Act 2000 are to:

- "- monitor the financial and operational performance of the hospital and specialist services of the West Coast DHB; and
- assess strategic issues relating to the provision of hospital and specialist services by the West Coast DHB; and
- give the Board advice and recommendations on that monitoring and that assessment.

The Hospital Advisory Committee's advice to the Board must be consistent with the priorities identified in the New Zealand Health Strategy and with the Strategic Plan of the West Coast DHB."

#### 2. <u>RECOMMENDATION</u>

That the Board:

i. notes the Hospital Advisory Committee Meeting Update - 1 May 2014

#### 3. SUMMARY

Detailed below is a summary of the Hospital Advisory Committee meeting held on 1 May 2014. Papers presented to the Committee meeting are available on the West Coast DHB website. A copy of the agenda for this meeting is attached as Appendix 1.

#### MANAGEMENT REPORT

Mark Newsome, General Manager, Grey & Westland presented this report. The report continued the roll out of a revised management reporting for hospital level services that is intended to:

- provide greater insights into the nature and flows of activity in, and through, the secondary care component of the West Coast health system;
- reflect a patient-centric view of services, being the "patient journey" through the system; and
- provide greater clarity of, and focus on, key metrics.

The new look report will continue to be rolled out over the next few meetings.

The most notable features of the report included:

- consistent performance continues in most health target areas;
- recruitment for an Associate Director of Allied Health is underway;
- increased activity in the quality and safety sphere.

The Committee discussed the graphics summarising the Elective Patient Journey and also the Acute Patient Journey. These continue to be updated.

Discussion took place regarding Maternity Services and the Committee noted that the DHB has ensured that the people assisting with the implementation of the Maternity Review have the sufficient expertise required to address the recommendations.

In regard to recruitment the Committee noted that there is a particular focus on this.

Mr Newsome advised that a lot of work has taken place around Quality and Safety. There is coaching taking place around how we deal with complaints and communicate with the public. The Committee noted that it was pleasing to see that the DHB has also received compliments in recent weeks.

Discussion also took place regarding DNAs and the Committee noted that a number of things were taking place around trying to improve this.

The DHB still remains CLAB (Central Line Associated Bacterium) free. As at 14 April 2014 the DHB has been CLAB free for 629 days.

#### FINANCE REPORT

The Committee noted that we are still seeing the cost effects of SMO vacancies which it turn leads to the use of locums. Whilst progress is slower than they would like, management are working through how to stabilise this.

It was also noted that some of the specifics of particular line items in the report will offset each other and whilst the overall result is currently unfavourable we expect to be back on track by the end of the financial year.

Discussion took place regarding personnel costs and management acknowledged that it has been a slow process but a lot of work has taken place around this complex process with the make up of our workforce starting to change.

The Committee noted that management and administration still remains below the admin cap.

Discussion took place regarding Primary Care and the work being undertaken in this area. The Committee noted that the last 12 months have seen a marked increase in personnel in this area to reduce waiting times but there is now a more planned direction here.

#### CLINICAL LEADERS UPDATE

Karyn Bousfield, Director of Nursing & Midwifery, presented this report which was provided to the Board at their last meeting.

She commented that some significant pieces of work are taking place around workforce issues with a lot of research being undertaken nationally.

The Committee noted the introduction of the Dedicated Education Unit (DEU) which is a way of supporting students in their clinical placements. It was also noted that there is a real focus on Quality with nurse managers undertaking audits.

#### **GENERAL BUSINESS**

Discussion took place regarding the performance of services during the recent storms and the Committee noted that the hospital ran on generator for 16 hours without interruption.

Feedback had been received by Committee members of the outstanding performance by management and staff during this time and the Committee asked that this feedback be reported to the Board.

Management advised that there will be a formal debrief in the next few weeks around this.

#### 4. <u>APPENDICES</u>

Appendix 1:	Agenda - Hospital Advisory Committee – 1 May 2014.
Report prepared by:	Sharon Pugh Chair, Hospital Advisory Committe

#### WEST COAST DISTRICT HEALTH BOARD MEETING To be held St John, Waterwalk Road, Greymouth Friday 9 May 2014 commencing at 10.15am
